PROFESSIONAL

2010 CATALOG

Trusted Experts In Appearance & Protection Since 1901

THE HISTORY

What began over a century ago as a simple furniture polish laboratory and plant in the garage of founder Frank Meguiar, Jr., now spans three generations of Meguiar family stewardship. Meguiar's, Inc. has become one of the world's leading surface care products companies, providing highly specialized products for almost every conceivable type of surface.

In his wildest dreams, it's doubtful that Frank Meguiar, Jr. could have foreseen what his first bottle of furniture polish in 1901 would evolve into over the next 100 years. When he first began, he made one bottle of polish at a time using an eggbeater. Eventually, with the help of his kids, he was able to produce enough product at night to fill the next day's orders and pay for groceries.

From his first bottle of furniture polish, Frank Meguiar, Jr. was steadfastly determined never to sell a product unless he was convinced it was the very best of its kind on the market. To this day, the family follows that dictate and, as a result, is the number one selling car wax in America with the highest consumer loyalty. Meguiar's diversified product line is distributed in over 92 countries worldwide and consists of more than 300 different cleaners, polishes, waxes, conditioners, and protectants for homes, cars, boats, trains, planes, and almost every other type of surface.

Over a century of excellence.

In 1923, this was truly a family business with everyone helping to make products at home. During the day, Frank Meguiar, Jr. would demonstrate and sell the product made the night before to pay for groceries.

The family business grew out of the garage and into the office shown above in 1936.

Frank Meguiar, Jr.'s passion for quality and value, continues to be what makes our products unique today.

Unigrit® Finishing Products

UNIGRIT® PREMIUM PROFESSIONAL FINISHING SYSTEM

FEATURES:

- Precise uniform grit particles for a smooth, even sanding pattern that buffs out in seconds
- Significantly reduces buffing time
- Delivers significant labor savings
- Micro hook/loop attachment system

"EASY BUFF" ROTARY BACKING PLATE

Unique foam interface distributes pressure for smoother, swirl-free buffing

FEATURES:

- Safely contours to curves and body lines
- More forgiving, less swirls
- Fits the Solo System 7" buffing pads

SIZES: 5.75"/14.6 cm
PART #: W66

METHOD OF USE:
Rotary

WOOL HEAVY CUTTING PAD

100% wool, 1" twisted fibers for faster cutting and effective removal of sanding marks and defects

FEATURES:

- Color coded buffing pad, burgundy for "heavy cutting"
- Flat pad design expands cutting area to reduce buffing time

SIZES: 7"/14.6 cm
PART #: WWHC7

METHOD OF USE:
Rotary

WOOL LIGHT CUTTING PAD

Unique 1" fiber blend for less aggressive, safer cutting

FEATURES:

- Ideal for Scratch Resistant Coatings (SRC)
- Color coded buffing pad, yellow for "light cutting"
- Flat pad design expands cutting area to reduce buffing time

SIZES: 7"/17.8 cm
PART #: WWLC7

METHOD OF USE:
Rotary

"DIAMOND" FOAM POLISHING PAD

Soft foam technology removes moderate swirls and holograms

FEATURES:

- Diamond pattern foam produces "less chatter" and smoother buffing action
- Delivers revolutionary, swirl-free performance
- Recessed back for easy, vibration free centering

SIZES: 7"/17.8 cm
PART #: WDFP7

METHOD OF USE:
Rotary, D/A Polisher

"DIAMOND" FOAM FINISHING PAD

Ultra-soft foam technology removes light swirls and holograms

FEATURES:

- Diamond pattern foam produces "less chatter" and smoother buffing action
- Ultra-soft foam is ideal for delicate finishing and swirl-free results
- Recessed back for easy, vibration free centering

SIZES: 7"/17.8 cm
PART #: WDFF7

METHOD OF USE:
Rotary, D/A Polisher

Unigrit® Finishing Products

UNIGRIT® FINISHING PAPERS

FEATURES:

- Uniform grit particles leave a smooth, even sanding pattern that buffs out in seconds
- Eliminates the risk of deep, uneven sanding scratches
- Economical to use – works faster and lasts longer
- Won't load up as quickly as conventional sanding products
- Safe for use on all paint finishes
- Waterproof

Metering Systems

PROFESSIONAL METERING SYSTEM

FEATURES:

- 3- button selector dial dispenses up to 6 different concentrates
- Metered, accurate dilution minimize waste and reduce labor costs by eliminating manual mixing
- Fast fill, 4 GPM fill for car wash product
- Locking buttons for auto fill of large containers
- Includes tubes, metering tips, and color coded label kit
- Stainless Steel Case

PART #:
DMS6000

PROFESSIONAL METERING SYSTEM SINGLE

FEATURES:

- Metered, accurate dilution minimize waste and reduce labor costs by eliminating manual mixing
- Fast fill, 4 GPM fill for car wash product
- Locking button for auto fill of large containers
- Includes tubes, metering tips, and color coded label kit
- Stainless Steel Case

PART #:
DMS1HIGH

FEATURES:

- Metered, accurate dilution minimize waste and reduce labor costs by eliminating manual mixing
- 1 GPM fill for secondary containers
- Capable of metering high viscosity products
- Includes tubes, metering tips, and color coded label kit
- Stainless Steel Case

PART #:
DMS1LOW

Buffing Pads

DOUBLE-SIDED WOOL CUTTING PAD

100% wool, 1.5", 4 ply twisted fibers for faster cutting

FEATURES:

- Effective removal of sanding marks & severe defects
- Precise centering for vibration-free buffing
- Unique soft-edge backing for safer buffing on contours and curves

SIZES: 8"/20.3cm
PART #: W5000

METHOD OF USE:
Rotary

CUT 'N SHINE® WOOL PAD

FEATURES:

- Aggressive cutting action without leaving typical difficult to remove swirl marks
- Removes serious paint imperfections
- Quick change Hook and Loop backing system

SIZES: 8"/20.3cm
PART #: W4000

METHOD OF USE:
Rotary

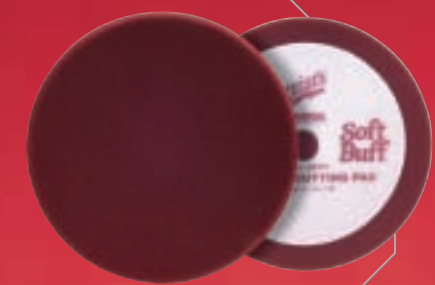

SOFTBUFF™ FOAM CUTTING PAD

FEATURES:

- Foam cutting action without leaving swirl marks created by wool pads
- Removes moderate surface imperfections
- Foam cell structure improves air flow to aid in cooling the surface
- Quick change Hook and Loop backing system

SIZES: 8" 6.5"
PART #: W7000 W7006

METHOD OF USE:
Rotary

SOFTBUFF™ FOAM POLISHING SYSTEM

FEATURES:

- Active polishing action removes minor surface imperfections
- Restores high gloss
- Foam cell structure improves air flow to aid in cooling the surface
- Quick change Hook and Loop backing system

SIZES: 8" 6.5"
PART #: W8000 W8006

METHOD OF USE:
D/A Polisher, Rotary

SOFTBUFF™ FOAM FINISHING PAD

FEATURES:

- Luxurious foam pampers the finish
- Creates brilliant swirl free, high gloss
- Foam cell structure improves air flow to aid in cooling the surface
- Quick change Hook and Loop backing system

SIZES: 8" 6.5"
PART #: W9000 W9006

METHOD OF USE:
D/A Polisher, Rotary

ROTARY BUFFER BACKING PLATE

FEATURES:

- Allows quick and easy pad changes with Hook and Loop backing system
- Patented self-centering system guarantees pad balance
- Fits all rotary buffers with 5/8" diameter shaft

SIZES: 8" 6.5" 3"
PART #: W65 W64 W63

METHOD OF USE:
Rotary

D/A POLISHER BACKING PLATE

FEATURES:

- Allows quick and easy pad changes with Hook and Loop backing system
- Fits all air and electric dual-action polishers with 5/16"-24 spindle
- Ideal for use with Meguiar's Dual Action Polisher (G110v2)

SIZES: 5"
PART #: W67DA

METHOD OF USE:
D/A Polisher

SOFTBUFF™ BUFFING PADS

FEATURES:

- Convenient screw-on backing plate matches up with any rotary buffing tool
- Extra thick foam extends usable pad life
- 8" width allows more surface to be covered faster, reducing buffing time and fatigue

SIZES: 8"
PART #: W1000

METHOD OF USE:
Rotary
